

## REMARKS

The specification is amended above to insert a reference to related cases.

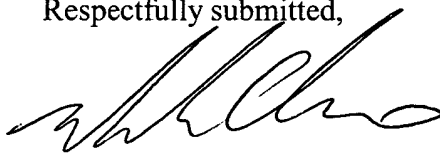

Claims 8, 13, 14, 17, 23, 24, 27, 28, 31, 32, 33, 34, 37, 38 and 39 have been amended to remove multiple dependencies and to better format the claims for accepted US Patent practice.

New claims 40, 41 and 42 are added directed to subject matter of the amended claim 37.

No new matter is entered by these amendments. No change in inventorship is required by the amended claims.

Early allowance of the claims is requested. Should the Examiner believe that a conference with applicants' attorney would advance prosecution of this application, he is respectfully invited to call applicants' attorney.

Respectfully submitted,

Dated: September 1, 2004
